MEMORANDUM FOR: [Redacted]

25X1

SUBJECT: Memorandum for the Director, "The Situation and Prospects in British Guiana (Incorporating suggested WHD Changes)" dated 6 March 1962

1. [Redacted] has passed on to me your version of our Memorandum for the Director on "The Situation and Prospects in British Guiana," along with the pink slip in which you ask if we have any questions. I have one. It is, how many copies of this document exist? If you have kept any carbons, would you please razor blade out the sub-heading on the first page - "Office of National Estimates" and would you please cut the last page off at the word "West."

2. Although you quite properly slug the paper with "(Incorporating suggested WHD Changes)", I am a little goosey about having any copies of this document remain in existence with the O/NE and Board of National Estimates designators.

WH is in basic disagreement with Mr. Kent's 6 March memorandum on British Guiana and did not have the time to prepare their views. They are now being assembled and will reach Mr. Kent as soon as possible. The time limit set by ONE was unsuitable and WH was therefore unable to inform ONE of their basic disagreements with the memo.
